Proven donor:	No
Post matric studies:	Yes
Other physical information:	Height: 1.64 meters Weight: 58 kg. Brown skin complexion
Face shape:	Round
Other personal information:	Christian South African nationality. Sepedi ancestry. Candidate is interested in electrical engineerings. She is a bubbly, faith-driven young woman who believes family is life's greatest gift. My own family taught me that love, laughter and showing up for each other is everything. Her friends say that she is the the reliable one, the one who brings healing energy and makes people feel safe. She values health and integrity. In her free time, she is all about family, gospel, music and skincare. She

	<p>loves helping people feel confident in their skin. Non-smoker. Reason for donating: Some couples and individuals can't have children without donor eggs. Cancer survivors, women with early menopause and people with genetic conditions. I would be giving someone a shot at parenthood when they've probably been through years of heartbreak to get there.</p>
Reproduction history:	<p>Has Children: No Number of Children: 0 Have you donated eggs before: No</p>
Views on religion and spirituality:	<p>Mm a huge believer in christianity and I don't have any background growth of any practice spirituality or religion so I don't participate in one and I don't practice such.</p>

Confirmation

I have only made myself available as an egg donor with baby2mom:	Yes
Please advise any specific donation criteria other than those mentioned:	No
All information provided is correct and pictures are all of me. I agree to keep baby2mom updated with the donor program (screening, blood tests, scans, egg retrieval). I will keep baby2mom updated regarding my availability and regarding egg donation pregnancies achieved. I consent to participate in the baby2mom egg donor program and participate as required and understand the concept of anonymous egg donation and claim no further rights over any child(ren) conceived of egg donation. I agree that I will be prescribed medication to potentially synchronize my menstrual cycle with that of the recipients and will be given hormones in a controlled	Yes

environment by professional fertility specialists to stimulate donor egg development. I agree to find more information pertaining to egg donation on the baby2mom egg donor site or ask if I have any further questions about being an egg donor. I agree to participate as required as people often travel from international destinations to participate in a South African egg donation program and have incurred considerable financial and emotional costs:
