Views on religion and spirituality:	<p>Religion can be a powerful source of comfort and identity. I view religion as one of humanity's most creative and enduring ways of answering big questions like:</p> <p>"Why are we here?"</p> <p>"How should we live?"</p> <p>"What happens when we die?"</p> <p>Spirituality is often more personal and flexible. A search for connection — to others, the universe, or something bigger. A sense of inner peace or purpose. Some people are spiritual without belonging to a religion. Some find spirituality inside their religion, like me.</p>

My practiced religion is Christianity.
