Behavioural Traits

What is most important in life to you?	family
If you had unlimited resources and could save one thing on earth what would it be?	If I had unlimited resources and could save one thing on earth, I would choose to protect and restore the environment — especially clean water, forests, and wildlife. Nature is the foundation of all life, and without it, future generations would struggle to survive and thrive. I believe that if we take care of the planet, we also take care of people, communities, and the

	future.I would focus on creating sustainable solutions, protecting endangered species, reducing pollution, and making sure everyone has access to clean water and a healthy environment. Saving the earth means preserving life, hope, and opportunities for generations to come
