

## A - KM 3944, Johannesburg

Availability status:	Available now in Johannesburg
Race:	Black
Age:	26
Hair colour:	Dark brown
Eye colour:	Light brown
Has children:	No
Proven donor:	Yes
Post matric studies:	Yes
Other physical information:	1.65m., 82kg., Medium complexion Fairly large build since she plays a few sports (including rugby and netball) and works out quite often, but not muscular, well toned and defined. Prominent hips and chest, light skin tone with a slight yellow undertone; dimple on her right cheek; curly/ coily volumes of hair; medium sized lips and round nose; almond-shaped eyes, average sized 4/ 5 shoe.
Face shape:	Oval
Other personal information:	South African nationality Sotho ancestry O+ blood group. Candidate is a BSc Food Science student and aspires to be in a career of food

	<p>science. She spends most of her time studying or in laboratories.</p> <p>She also enjoys hiking or other outdoor activities, as well as reading and writing poetry. She is also quite artistic: enjoys both creating and observing art (drama, acting, painting, singing, drawing, etc). She is also a blood donor.</p> <p>She enjoys being at home - cooking and baking. Overall she describes herself as a pretty calm, caring and responsible individual: the designated "mom friend" in any friend group.</p> <p>Non-smoker.</p> <p>Message to recipient: Thank you for choosing me to be part of your journey.</p>
Reproduction history:	No children and proven egg donor resulting in a pregnancy.
Views on religion and spirituality:	I believe that as long as a person's views are not harming themselves or those around them, we should all just mind our own businesses and respect each other's views. Even if we don't necessarily agree with each other. Respect goes a long way.

## Additional Donor Information

### Initial Information

In which town and province do you live?	Sebokeng, Gauteng
Nationality:	South African
Where were you born?	Medi-Clinic Vereeniging, Gauteng
What language(s) do you speak?	English Sesotho Afrikaans Zulu
Year of birth:	08-08-1999
Age:	26
Star sign:	Leo
Blood group (if known):	O+
Why do you want to be an egg donor and if you had a message for your recipient what would it be?	I truly believe that any person who is willing to go through so much in order to bring a child into this earth already has what it takes to be a good parent. The amount amount of patience and strength and resilience that fertility treatments require is a lot. Along with the emotional toll that it can take on a person. It takes a special kind of person to go through this process; a special kind of love. Donating my eggs is really the least that I could do. If I had a message for the recipient, it would be a simple thank you. Thank you for choosing to me to be part of your journey.
How do you best describe yourself?	I would say that I am a pretty calm and collected person. I am very family-orientated. I am also very responsible and goal-orientated. I enjoy being creative and existing in serene spaces. I am not someone who yells or partakes in aggressive behaviors. I enjoy being outdoors in nature, usually reading a book or taking or walk and sometimes just admiring.
Relationship status:	Single
Are there any medical or psychological concern areas we should know about?	None that I am aware of.

### Behavioural Traits

What is most important in life to you?	My family's wellbeing
If you had unlimited resources and could save one thing on earth what would it be?	I can't seem to decide between world hunger and saving the planet from global warming
What are your views on religion and spirituality, and practiced religion?	I believe that as long as a person's views are not harming themselves or those around them, we should all just mind our own businesses and respect each other's views. Even if we don't necessarily agree with each other. Respect goes

	a long way.
Childhood religion:	Christian (Roman Catholic)
Any specific achievements or aspects of recognition in your family:	Most of my family members were/are really good athletes and artists. Both my parents achieved their respective qualifications cum laude.
Interests and hobbies:	Reading, hiking, singing, cooking, hair and haircare. skincare, psychology, food, medicine, science, mysteries
If you were offered an all-inclusive holiday, what would it be?	Staying in a safe and secluded cabin on top of a mountain somewhere with a breathtaking view during winter.
What are your feelings on animal welfare?	The way that animals are/have been treated is quite appalling to say the least. In these past 20 years alone hundreds of species have gone extinct solely due to humans. That statistic alone says a lot. I wish more people were aware of how bad this issue really is.
Strength and weaknesses:	Strengths - hard working, passionate, grasp concepts easily, ambitious, work well under pressure Weaknesses - perfectionist, I sometimes overwork myself, have an incredible fear of failure, very independent, can be too trusting at times.
What do others generally think of you?	People generally think that I have great leadership qualities, very caring and passionate. I am the type of person who is always willing to help, no matter what and is very reliable too.
Favourite flower:	Sunflowers
What is your favourite meal?	I don't really have a favourite meal. However, potatoes (in any form) are probably my favourite component of any meal.

Preferred town to donate:	Johannesburg
Towns available in which to donate - travel costs will be covered:	Johannesburg

**Confirmation**

I have only made myself available as an egg donor with baby2mom:	Yes
Please advise any specific donation criteria other than those mentioned:	Yes
All information provided is correct and pictures are all of me. I agree to keep baby2mom updated with the donor program (screening, blood tests, scans, egg retrieval). I will keep baby2mom updated regarding my availability and regarding egg donation pregnancies achieved. I consent to participate in the baby2mom egg donor program and participate as required and understand the concept of anonymous egg donation and claim no further rights over any child(ren) conceived of egg donation. I agree that I will be prescribed medication to potentially synchronize my menstrual cycle with that of the recipients and will be given hormones in a controlled environment by professional fertility specialists to stimulate donor egg development. I agree to find more information pertaining to egg donation on the baby2mom egg donor site or ask if I have any further questions about being an egg donor. I agree to participate as required as people often travel from international destinations to participate in a South African egg donation program and have incurred considerable financial and emotional costs:	Yes
