Why do you want to be an egg donor and if you had a message for your recipient what would it be?	I truly believe that any person who is willing to go through so much in order to bring a child into this earth already has what it takes to be a good parent. The amount amount of patience and strength and resilience that fertility treatments require is a lot. Along with the emotional toll that it can take on a person. It takes a special kind of person to go through this process; a special kind of love. Donating my eggs is really the least that I could do. If I had a message for the recipient, it would be a simple thank you. Thank you for choosing to me to be part of your journey.

### Confirmation

I have only made myself available as an egg donor with baby2mom:	Yes
Please advise any specific donation criteria other than those mentioned:	None
All information provided is correct and pictures are all of me. I agree to keep baby2mom updated with the donor program (screening, blood tests, scans, egg retrieval). I will keep baby2mom updated regarding my availability and regarding egg donation pregnancies achieved. I consent to participate in the baby2mom egg donor program and participate as required and understand the concept of anonymous egg donation and claim no further rights over any child(ren) conceived of egg donation. I agree that I will be prescribed medication to potentially synchronize my menstrual cycle with that of the recipients and will be given hormones in a controlled environment by professional fertility specialists to stimulate donor egg development. I agree to find more information pertaining to egg donation on the baby2mom egg donor site or ask if I have any further questions about being an egg donor. I agree to participate as required as people often travel from international destinations to participate in a South African egg donation program and have incurred considerable financial and emotional costs:	Yes
