Other personal information:	South African nationality. Candidate aspires to become a forensic psychologist, specializing in criminal psychology. Non-smoker. Message to recipient: I'm motivated to become an egg donor because I believe in the importance of family and the joy that children can bring to people's lives. Having a relative who struggles with infertility has given me a personal understanding of the emotional challenges that come with it. I want to help others who may be facing similar difficulties to build their families and experience the love and fulfillment that comes with parenthood. By

	donating my eggs, I hope to give someone the opportunity to become a parent and create a loving family.
Reproduction history:	No children and no donations as yet.
Views on religion and spirituality:	I believe religion and spirituality play a significant role in many peoples lives, providing a sense of comfort and community. For me, my faith is a source of guidance and comfort, at the same time I recognize the importance of respecting and understanding different perspectives.

achieved. I consent to participate in the baby2mom egg donor program and participate as required and understand the concept of anonymous egg donation and claim no further rights over any child(ren) conceived of egg donation. I agree that I will be prescribed medication to potentially synchronize my menstrual cycle with that of the recipients and will be given hormones in a controlled environment by professional fertility specialists to stimulate donor egg development. I agree to find more information pertaining to egg donation on the baby2mom egg donor site or ask if I have any further questions about being an egg donor. I agree to participate as required as people often travel from international destinations to participate in a South African egg donation program and have incurred considerable financial and emotional costs:
